CONFEDERATION FISCALE EUROPEENNE

Report of the auditor on the annual financial statements as of December 31st 2013.

Following my appointment as auditor of the CFE INPO (national identification number 0837.627.266) at the general meeting of September 20th 2013 I present herewith my report related to the accounting year 2013 and the financial statements as of December 31st 2013.

My audit was executed on the balance sheet as of December 31st as well as on the profit and loss account of the year 2013. For this purpose I met Mr Henk Koller, treasurer and Mr Wim De Blay, accountant in charge at the seat of CFE INPO, Avenue de Tervueren, 188A , 1150 Brussels on July 3rd 2014.

I received all documents to fulfil my task and all additional information was given at first demand.

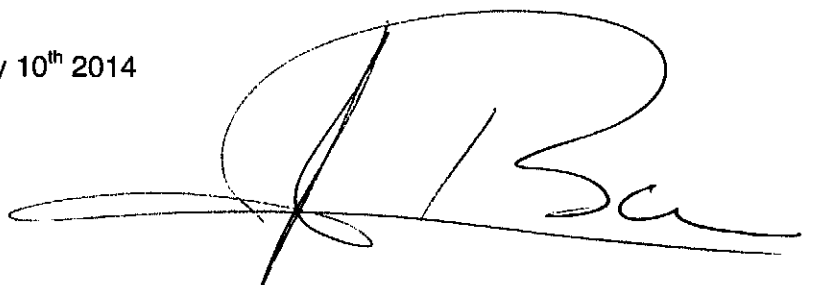

I executed different types of control, either by full control or by spotchecks to verify the accounting process and the figures of the profit and loss account in the aim to obtain reasonable certainty that the annual accounts 2013 reflect the reality and are sufficiently accurate.

As a result I can confirm that the accounting process meets the acquirements of the volume of documents and the transaction involved. The evaluation rules applied in the preparation of these accounts as well in its presentation respect the rules of exactitude, sincerity and prudence.

The accounts submitted to you meet the principles generally applied.

Finally, as a result of my control I can confirm that the balance sheet with a total of € 340.679,41 and the profit and loss account that shows a minus of € 10.830,59 over the year 2013 reflect the true situation of CFE INPO that has an accumulated positive result of € 297.830,68.

Bonheiden, July 10th 2014
André BERT
Auditor
